

Update Notification Settings

Last Modified on 09/17/2020 9:47 am CDT

You can determine whether you receive notifications when you receive a new message in KidKare.

1. Click . The Settings page opens.

2. To update your email address:
 - a. Click the Email box and enter the new email address over the existing one.
 - b. Click **Save**.
3. To enable or disable email notifications, click  next to **Email Notifications**. Your change is saved automatically.
