There are two versions of the child roster in KidKare: a sponsor version and a center version. The center version displays all enrolled and pending children. The sponsor version displays all children who were included on the claim for the selected month.

1. From the menu to the left, click **Reports**.
2. Click the **Select a Category** drop-down menu and select **Children**.
3. Click the **Select a Report** drop-down menu and choose from the following:
 - a. Child Roster
 - b. Child Roster [Center Version]
4. Click the Month box and select the claim month for which to run the report.
5. Click the **Select Center** drop-down menu and select the center for which to print the roster:
 - a. Select **All Active Centers** to print rosters for all centers currently set to Active status.
 - b. Select **Choose Multiple Centers** to set filters for the centers to include. When you select this option, the **Filter for Center(s)** and **Select Center(s)** sections display. You can filter by **Status** (required), **State** (required - if you operate in multiple states), **City**, and more. Use the drop-down menus to set filters, and then click Search. Then, check the box next to each center to include in the **Select Center(s)** section.

The screenshot shows the 'Child Roster [Center Version] - May 2023' interface. At the top, there are dropdown menus for 'Regular', 'Children', and 'Child Roster [Center Version]', along with a date selector for 'May 2023' and a 'Choose Multiple Centers' dropdown. Below this is the 'Filter for Center(s)' section, which contains several dropdown menus for 'Status *', 'State *', 'City', 'County', 'Monitor', 'Profit Status', 'Administration Type', 'Payment Type', 'Program Type', 'Claims', 'Claim Month', and 'Review Due Before'. A 'Search' button is located at the bottom right of the filter section. Below the filter section is the 'Select Center(s)' section, which contains a table with columns for 'Center #' and 'Center Name'. The table lists several centers with checkboxes in the first column:
