When you first login to Parachute, you may need to verify the **Date of Birth** for any children that are linked to your account. You will not see any invoices or payments until this is completed for each child in your account.

1. From the menu to the left, click **My Children**.

The screenshot shows the 'My Children' menu. At the top, there is a card for 'Mayer, Jennifer' with a blue square icon containing the letter 'J'. Below this card, a modal window titled 'Tinas Toddler's Birthday' is open. The modal has a close button (X) in the top right corner. It contains a text input field with the placeholder 'mm/dd/yyyy' and a calendar icon to its right. At the bottom of the modal, there are two buttons: 'Cancel' and 'Go'.

2. Click on the icon with the child's name, the birthday verification opens.
3. Enter the child's **date of birth** and click **Go**.
4. Once the date of birth is verified, the child information screen will appear.
5. You can click on each of the tabs below the child name to review the information.
